PUERTO VALLARTA

Adorned with cobblestone streets, terra-cotta tile roofs and colorful stucco walls, Puerto Vallarta conjures images of a traditional Mexican town. But for its small town charm, Puerto Vallarta is a destination rich in adventure with cultural festivals, golf championships, fishing tournaments and more.

Travel with your friends at CDC Distributors as we visit the charming town of Puerto Vallarta and the Vallarta Palace. Situated on the beautiful beaches of Bahia de Banderas, and framed by the majestic mountains of the Sierra Madre, this all-inclusive resort is the place to indulge your senses. From the soothing **sounds** of the Pacific Ocean, to the **feel** of a dolphin as it gracefully swims by, or the dramatic **sight** of a whale as it breaches in the bay. And, let's not forget the unmistakable **scents** and **flavors** you'll find in any of the four restaurants.

Your stay includes five nights at the Vallarta Palace, including all meals, beverages (*premium-brand alcoholic and non-alcoholic*), and non-motorized watersports at the resort, beautiful waterview rooms (each with its own two-person Jacuzzi), private welcome and farewell parties for all guests of CDC Distributors and more. In fact, we've even included a full-day group tour into the Sierra Madre's and a private shopping shuttle for exclusive use of CDC guests to enjoy the Malecon and quaint downtown Puerto Vallarta area.
